CE Option

NOTE: Some features and options may not be available when a boat is built for regions outside North America and/or has CE Certification. Boats ordered with 220V/50 cycle electrical systems will have the appropriate appliances in the corresponding voltage.

COCKPIT LAYOUT

CABIN LAYOUT

260 SUNDANCER®

Savor every minute with the 260 Sundancer. Designed to encourage long, leisurely days on the water with loved ones, it's packed with amenities and options to ensure comfort and convenience. A convertible V-berth offers cozy napping or overnighting, while a spacious cockpit with ample seating offers endless views of the horizon, the waterline, or the conversation at hand.

The V-berth seamlessly transitions from an intimate dining room into a cozy sleeping space. The wood-grain table is easily converted into a plush bed—just use the 260's cushions with dedicated storage when you're ready to tuck in.

What good are finely threaded textures and expertly appointed finishes without a spotlight to let them shine? The 260 boasts solid-surfaced counterops, multi-tone vinyl and gleaming fiberglass finishes that pop under the cabin's expansive skylights and hullside windows.

The full fiberglass stand up head includes a convenient portable head or optional VacuFlush® head with holding tank.

The 260's superior drivability is the result of Sea Ray's unmatched definition of "standard." With a powerfully rugged MerCruiser sterndrive, a fully functional helm, and standard SmartCraft® diagnostics, chart new waters with confidence.

That seemingly endless expanse of glittering water is pure inspiration. That's why the 260 features a full-beam, expansive swim platform plus an aft seat that converts to a plush and roomy sunpad for unobstructed views.
