

F530

LET YOUR BOAT ENLARGE YOUR LIFE.

CLASS-LEADING FLYBRIDGE

Enjoy this beautiful, generously sized masterpiece of the F530. It hosts all your guests and can be fitted with all amenities you could wish for.

UNIQUE DINETTE ON THE BOW

On the foredeck there's another dinette for entertaining and alfresco dining – featuring u-shaped seating, large bimini and atmospheric pop-up lights.

OUTSTANDING HULL DESIGN

Distinctive on the outside, spacious on the inside: Behind her stunning visual appearance, the F530 hides 3 cabins for guests and 1 for crew.

OPEN SPACE AND AIRY FEELING

Let the air stream through the inside rooms: A large bi-fold door and a tilting window between cockpit and saloon will create an open atmosphere on deck.

VERSATILE SEATING AREAS

Turn the pilot seats into a chaise longue. Convert the u-shaped sofa inside to a double facing one. Make the dinette on the bow a perfect area for sunbathing.

PLENTY OF LIGHT INSIDE

Panoramic windows of 5,8 meters length fill the saloon with natural light. Amidships, the recessed hull shape offers views at the sea while being seated.

EVERY SEA MILE A PURE JOY. EVERY INCH A TRUE SEALINE.

Sealine's flagship delivers more than the largest flybridge to be found on a 53 feet motoryacht. No less than three open-air seating areas make you feel like you're travelling on a 60 footer or even larger boat. Breathtaking panoramic views, a powerful hull design and an unmatched amount of natural light inside – all these elements place the F530 at the top of its category and let you experience the sensations of yachting to the fullest.

combine functionality with
DESIGN

All Sealine models are born of the same values: They feature wide interior spaces, an amazing quantity of natural light and outstanding design with German engineering inside. As for these trademarks, the F530 displays the true spirit of Sealine.

BETWEEN POINT A AND POINT B, THERE IS POINT F: THE FLY.

The Flybridge: Laid-back dining. Serene sunsets. Cheerful parties. Light-hearted people. Invite your family to their own luxury terrace overlooking the sea. Supported by stylish pillars, this class-leading fly creates an ambience of a much larger yacht.

It is fully equipped with all the amenities to enjoy the elevated position to the most. Seating for up to ten, wetbar with optional barbecue, soundsystem, sunpads – everything is right at your hand to serve any need. No other boat in this category offers more space for pure indulgence beneath the sky. It's time to head out – where, is less important on this yacht.

EXTERIOR DESIGN

The hull design: Endless views. Friendly daylight. Sunny interiors. When designing the panoramic windows, Sealine had one goal in mind: to provide uncovered outlook to the sea from any position. The impressive glass walls span 5,8 meters in length. Amidships, the recessed sidewalk enhances their height up to 1,8 meters.

Let your family see every bit of the beauty beyond, no matter where they are sitting or standing. The one piece windshield ensures this also holds true for the look ahead.

The foredeck: Idyllic lights. Clinking glasses. Tasty meals. Tanning boaters. Offering another location to socialise or relax, this cosy dinette will entertain at any time.

During the day, it can be protected by a large bimini when converted into a sunbathing area. After the sun has set, smartly integrated pop-up lights add an idyllic note to the evening ambience. Sit here, and it's hard to imagine yourself anywhere else.

ENJOY PLENTY OF ROOM WITH PLENTY OF VIEW.

Sightseeing on the water. Comfortable living. Recreative nights. The interior of the F530 is a perfect blend of – abundantly-lit and well used space – making saloon and cabins a perfect place for both, night and daytime use.

On bright summer days, there is nothing more pleasant than blurring the line between inside and out. Open the bifold door and the aft tilting window and the large salon flows seamlessly into the aft deck.

The u-shaped sofa can be transformed into a double-facing sofa which makes all the guests on board enjoy the panoramic views to both sides.

GERMAN PRECISION AND PASSION FOR THE SEA. THAT'S WHAT A SEALINE IS MADE OF.

In 2013, the Sealine brand found a worthy new home on the German Baltic coast. At our shipyard in Greifswald we have perfected the interplay between state-of-the-art manufacturing techniques and skilled employees.

The outstanding people in our team perform their work with enormous experience, a deep understanding of the customer and great dedication.

In addition, we are thrilled to cooperate with international partners like Bill Dixon. Working closely with our in-house personnel, the award-winning designer will create a new range of innovative Sealine models.

Above all, we believe that what holds true for the experienced boater, also holds true for us as boat builders: "Never sail against the sea, sail with it". Beyond the individual skill, there is something which genuinely binds all of us at Sealine: A great passion for the sea.
