## HERE'S TO 50 YEARS

50 years of boat building. Generations of passion.  
Decades of innovation.

It all adds up to something fundamentally different.  
A name recognised and revered the world over. Bold  
new creations that push boundaries and exceed  
expectations. The courage to be daring, to be different  
and to always seek a better way. To always seek more.

It's a vision that started in 1969, when the Hostess 17  
was born. A small open speedboat that changed  
everything. And it's a vision that lives on. With over 2,600  
employees in the UK, supported by 120 retail and service  
locations across five continents and 74 countries.

You'll find it in everything we do today and tomorrow.

## A LIFELONG PASSION

We're always looking ahead. Always looking forward for new ways to push the boundaries of technology. It all begins at the core of the build. The hull. Computational Fluid Dynamics (CFD) has become a key part of our design process. Allowing us to experiment with variations of the hull shape to ensure we get the incredible performance we're renowned for. This innovation continues in every step from 3D CAD design, to carbon fibre technology, resin infusion and direct tooling methodologies.

But to create a Sunseeker, we rely on the old methods just as much as the new. It's only by harnessing both techniques that we're able to create something truly unique; something undeniably distinctive.

So no matter how far we come to the cutting edge, we know there's no machine that can compare to generations of true craftsmanship. That's why it remains integral to our build. Our master artisans painstakingly craft every last detail, from carpentry to upholstery and more, providing a human touch that no machine can replicate.

## LEADING INNOVATION

What makes a Sunseeker? What makes us unique and distinctive the world over? It all starts with innovation, and truly understanding our customers; interpreting their needs and anticipating how they may change. It's a philosophy that has kept Sunseeker at the forefront of the industry. We create the trends – industry firsts. Be it the first tender garage fitted to a sports cruiser, or the first race-prepared surface drive fitted to a production yacht, we have long led the way, creating and innovating.

This philosophy is carried on through everything; from our unmistakable exterior designs incorporating incredible glazing, to our clever use of interior space that makes even our smallest yachts feel larger. It's what sets us apart and keeps us pushing our standards ever further, year upon year. Just as we have always done.

## CHANGING LIVES TOGETHER

Here at Sunseeker, we show as much commitment, care and attention to our yachts as we do when it comes to our environment and our broader society. That's why we have teamed up with Macmillan Cancer Support to assist families coping with cancer, and the Blue Marine Foundation who is striving to protect our oceans. We've achieved remarkable results so far, and with your help, we can continue to make a difference.

Whilst every attempt has been made to provide accurate information, the information in this brochure is not intended to be and should not be relied upon as providing any warranty, representation, guarantee, or offer. Performance and range figures are estimates to be used as an indicative guide only. Dirt or marine growth on the hull, size of boat, engine choice and tuning, propeller condition and pitch, air and water temperature, fuel weight and quality, water weight, stores, number of people on board and other factors can each affect a boat's performance and range. The photographs and artist's impressions in this brochure are from existing models in the Sunseeker range. There may be items shown in these photographs and impressions that are not included in the standard inventory of the models shown. Specifications, measurements and certain other details contained in this brochure may relate to models only for sale in a particular territory. We cannot guarantee that the entire Sunseeker range will be available in every territory. Specifications for models sold in different territories may also vary. Specifications may be changed or models withdrawn at any time without prior notice. The individual specification for each vessel will be agreed as part of the order process and confirmed in the sales contract between the purchaser and the approved Sunseeker distributor or dealer for the relevant territory. Please contact the local Sunseeker distributor or dealer in the territory which is of interest to you, to enquire as to the models and options that are likely to be available in that territory. This brochure is created and published in the United Kingdom and made available to authorised distributors and dealers of new Sunseeker manufactured motoryachts outside of the United States of America and Canada. In the United States of America and Canada, Sunseeker USA Sales Co. Inc. is the issuer of this brochure and is responsible for its content.
