

340 FLY

Exceptional design and one of the most spacious interiors in its segment – meet the Galeon 340 Fly.

Expert engineering and Galeon's years of experience have come together to produce a yacht designed to provide the greatest possible independence on all three decks.

The exterior includes a fold-out sofa in the cockpit, with a generous flybridge that holds a table, refrigerator, and comfortable tanning beds.

On the main deck, behind glass doors, a well-equipped galley, helm station and a sizable dinette can be found. Take total command of the yacht from both steering stations thanks to the perfect visibility and an array of available navigational equipment.

Below deck, two double and a single cabin can be found, along with a separate washroom and toilet for extra privacy and comfort. A generous amount of storage space makes it easy to stow away all your belongings and keep them from moving about during cruising.

With several distinctive, interior finish lines and a variety of available equipment the Galeon 340 Fly can be highly customized to suit one's needs.

Finally, select from a wide range of engines and enjoy the freedom of open waters to your heart's content.
