

VIRTESS

VIRTESS 420

A close-up, low-angle shot of the side of a white yacht. The yacht is moving across the water, as evidenced by the blurred background. The sky is a mix of blue and orange, indicating sunset or sunrise. The yacht's name, "VIRTESS 420", is prominently displayed in a raised, metallic font on the side of the hull. The deck is made of dark wood, and there are stainless steel railings. The overall mood is serene and luxurious.

CLOSE TO PERFECTION

BAVARIA is one of the most successful yacht building companies in the world. In a dialogue with our customers, we develop pioneering motor and sail yachts for all those who love life on the water. With our new VIRTESS line we have created an innovative yacht line which combines design, technology and comfort in perfection. The VIRTESS line is produced in one of the most cutting-edge series production facilities in the world, creating pure luxury for an unforgettable time on the water.

VIRTESS 420

In the here and now

The concept of time takes on new meaning aboard the yachts of the VIRTESS line. Moments flow into one another and time seems to be standing still. The renowned company INSENAVAL is responsible for the construction, while the timeless design of the interior and exterior is the work of the Italian top designer Marco Casali's agency TOO DESIGN. No matter whether you choose a flybridge or a coupé version – the VIRTESS line gives you an entirely new sense of time.

420 FLY

Fascination Flybridge

Luxury and comfort in perfection – the VIRTESS 420 Flybridge is stunning because it can boast the largest flydeck in its class. The driver's seat has enough room for two. Next to it is a comfortable sunlounger which can optionally be folded into an extra passenger seat. The salon underneath it offers a magnificent panoramic view. The furnishing in the cockpit is utterly flexible. On request the seat bench can be parted in the middle and easily moved via an innovative guide rail system, just like the table.

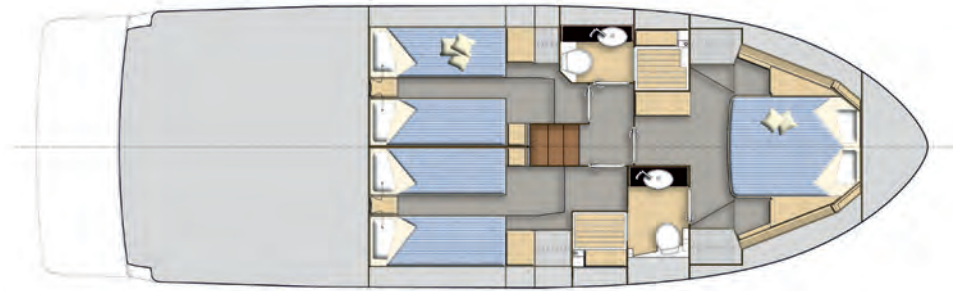

420 FLY | Utter relaxation

The salon and the area below deck convey a perfect feeling of well-appointed ease. Large sliding glass doors are installed along the entire width of the salon generating a unique sense of space. The owner's cabin is particularly luxurious. The two guest cabins and the two bathrooms also promise the utmost spaciousness and comfort.

420 COUPÉ

A brilliant outlook

Luxury and lifestyle meet aboard the VIRTESS 420 Coupé. The second yacht of the exclusive VIRTESS line surpasses even the most exacting demands. Stairs lead towards the coupé roof, which offers a unique view from the comfortable sunlounger. The salon invariably generates enthusiasm as well: thanks to the large sliding panorama roof, which is optionally made of glass, the driver is able to enjoy a genuine “face in the wind” feeling.

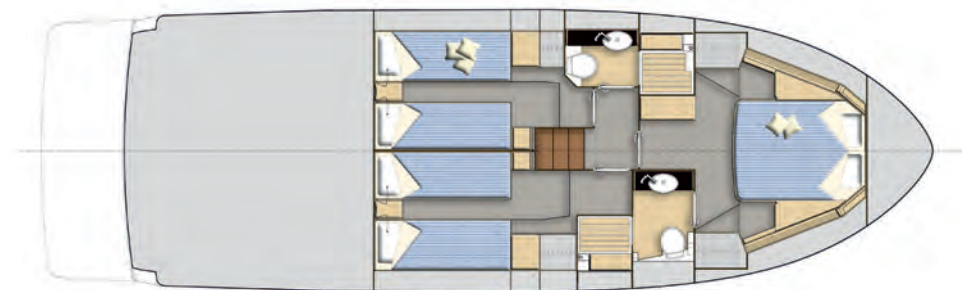

420 COUPÉ | For true connoisseurs

Exquisite furniture, large windows and first-rate kitchen furnishings create a unique sense of ease. The comfortable corner seat and the coffee table in the salon, which is adjustable upon request, are as much suited to a festive dinner as to a simple lunch. A wide sliding glass door separates the salon from the outside area, ensuring a perfect layout of the entire space.
